Gelato
PUSH CARTS

Features:

The Gelato Push Cart is the most versatile selling unit available allowing you to bring your store to the public and reach your customers anywhere, from the outdoors in the big cities to stores, malls, catering halls, homes and events. GTI Designs is offering our Gelato Push Cart in two versions: with Glass Sliding Top and 6 Stainless Steel Gelato Pans or with Pozzetti's with customized designs to suit your needs. Some options include color scheme, logo, fabric, shelf, push handle & Decorative wheel. Reminiscent of a Bygone era, yet with a sleek modern design, the Push Cart is an elegant presentation for your Gelato, Ice Cream, Sorbet and Italian Ices. It is available in 4, 6 or 8 flavor variety sized cart, made of highest quality stainless steel, with removable stainless steel Pozzetti's & lids, and a refrigeration system to ensure perfect Gelato for your customers. Plug it in outside your store or use the Push Cart as a mobile store with "Cold Plate Technology" that will keep your product at the precise temperature without the need to plug in. The Gelato Push Cart offers unlimited ways to sell your products anywhere. Imagine bringing your store to all the events around town with your Gelato Push Cart and watch your business grow!
